

Kidney Transplants

Kidney Transplant is another treatment option for patients with kidney failure just like Hemodialysis or Peritoneal Dialysis. Every patient has the right to be referred and evaluated for a transplant and Network 18 promotes kidney transplantation education and referral efforts on behalf of dialysis patients.

For more information on Transplant Eligibility Criteria click on the image below.

Transplant Center Selection Criteria

Transplant Centers	Accepts patients with Hepatitis C	Accepts patients with Hepatitis B	Accepts patients with HIV	Patients who actively smoke or use other substances	Pediatric Patients	Patients in extended care facilities	Incarcerated patients	Maximum patient age acceptable	Maximum BMI acceptable	Do you accept patients with psychiatric conditions	Do you accept patients that have Medi-Cal only health coverage	Does your facility have any other exclusion criteria
