To: Clinic Manager

From: Shean Strong, Quality Improvement Director  
Lisle Mukai, Quality Improvement Coordinator

Subject: **Immunization/Vaccination Survey**

Date: February 19, 2010

The Healthy People 2010 goal for Immunization/Vaccination is to have at least 90% of the ESRD patient population vaccinated against **Influenza, Hepatitis B and Pneumococcal Pneumonia**.

Thank you for the vaccination information submitted in August 2009. The data provided allowed us to establish Network baselines for these immunizations. The network results are as follows:

- INFLUENZA: **65.5%**
- HEPATITIS B: **53%**
- PNEUMOCOCCAL PNEUMONIA: **52.9%**

In order to accurately monitor and provide valuable performance improvement suggestions we will be collecting current vaccination data.

**Please complete the enclosed Immunization/Vaccination Survey form provided in this packet. A facility roster is provided along with instructions for completing the form. The survey is due to the Network office by Monday, March 15, 2010.**

Should you have any questions or concerns please call Shean Strong or Lisle Mukai at the Network office at (323) 962-2020 or email them at [sstrong@nw18.esrd.net](mailto:sstrong@nw18.esrd.net) or [lmukai@nw18.esrd.net](mailto:lmukai@nw18.esrd.net).

Thank you for your cooperation with this important Network project.

*Please complete and fax your survey to the Network office at (323) 962-2891 by:*

***Monday, March 15, 2010***

**Mission Statement**

*To provide leadership and assistance to renal dialysis and transplant facilities in a manner that supports continuous improvement in patient care, outcomes, safety and satisfaction.*
