

**< 55% AV Fistula Project:**

Evaluation of Resources

The Southern California Renal Disease Council, Inc. is dedicated to providing useful tools to our providers. In an effort to improve the materials, resources and tools distributed to all network providers please take a moment to evaluate the documents sent to you for this project. All project documents can also be found on the Network 18 Website at [www.esrdnetwork18.org](http://www.esrdnetwork18.org) under Professionals, Quality Improvement, QI Work Plan, 2010-2011 QIWP Projects, < 55% AV Fistula Project. **Your comments and suggestions are greatly welcomed and appreciated.**

Please check the corresponding box for usefulness of document and whether or not you were able to use it for this project.	Useful	Not Useful	Did not get a chance to review document
