New! IAC's "Handouts" for Patients and Staff on www.immunize.org

If you are a healthcare professional who provides vaccination services, then you are likely aware that the Immunization Action Coalition (IAC) is the go-to spot for translations of Vaccine Information Statements (VISs). Did you also know that IAC has developed hundreds of vaccination-related handouts and fact sheets for patients and healthcare staff? You can find these IAC materials in the newly named section "Handouts" (formerly called "Print Materials") on our website—www.immunize.org. Along with the name change, the Handouts section has been restructured to improve access to the breadth and depth of IAC's ready-to-print resources for healthcare professionals and the public.

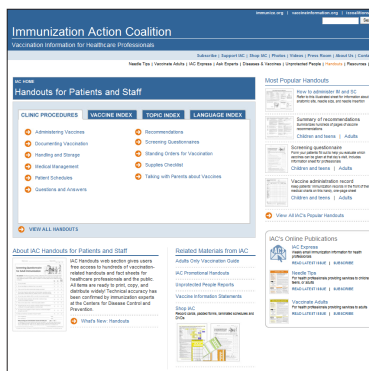

Free Handouts

www.immunize.org/handouts

IAC's Handouts web section gives users free access to more than 250 informational materials for healthcare professionals and the public. Many of IAC's most popular pieces are also available in several languages. All are in ready-to-print (PDF) format and have been reviewed for technical accuracy by immunization experts at the Centers for Disease Control and Prevention (CDC).

Designed to give users quick, easy access to IAC's ready-to-print materials, the Handouts section is organized in several ways. Access Handouts using one of these sections:

- **Most Popular Handouts**
Top 25 downloaded materials
- **Clinic Procedures**
Handouts for vaccinators
- **Vaccine Index**
19 Vaccines and VPDs
- **Topics Index**
Special considerations for immunization
- **Language Index**
12 languages offered by IAC
- **View All Handouts**
Sort handouts by title, language, date, and item number

www.immunize.org/handouts

For users who want a fast route to our most popular handouts, IAC provides links to the pieces visitors to immunize.org download most frequently—the "Top 25." You'll find links to some of these popular pieces in the right column of the main Handouts page, along with a link to the complete list of the "Top 25."

The **Clinic Procedures Index** provides links to handouts organized by categories such as **Administering Vaccines**, **Documenting Vaccination**, and **Handling and**

Storage. The individual sections of the **Vaccine Index** include links to related **Unprotected People Reports** and **VISs**.

The **View All Handouts** table is a complete and sortable listing of our ready-to-print handouts. By clicking the up/down arrows in the column headings, the content of each column can be sorted either in alphabetical order (e.g., by title, language) or in numerical order (e.g., by publication date, item number).

Get a Preview of IAC's Handouts!

Preview

To get a preview of a handout, just place your cursor over the title of the handout, and watch for the preview to appear in the right column.
