

Your Vocational Rehabilitation Experience

Your dialysis clinic works with ESRD Network 16 on a project to increase patient referrals to vocational rehabilitation (VR). VR is designed to help patients with education and training to get a good job. Some of the reasons to work with VR on your life goals include:

- Greater independence
- Improved confidence
- Better quality of life
- A sense of purpose and identity

Your social worker referred you to VR. Network 16 would like to know about your VR experience.
