

NW18 Disaster and Emergency Contacts

Ventura

(Updated 4/9/2020)

The Ventura County Emergency Operations Center (EOC) is the coordination point between the cities, special districts, and the Governor's Office of Emergency Services (Cal OES). The Medical Health Operational Area Coordinator (MHOAC), is the principal point-of-contact within the county for public health and medical events or emergencies. Ventura County Health Care Coalition (VCHCC) assists in the coordination of emergency management activities and through the Emergency Support Function (ESF) #8 role.

Instructions for PPE or other medical resource requests:

****Facilities must complete the Situation Status Report form and any Resource Request forms for additional support. Please see instructions and forms in the links below. *****
